Parcels addressed to Post Offices.

Parcels addressed to a Post Office, to be called for, are kept three weeks; at the end of which period, if not called for, they are returned to the sender.

Private Parcel Boxes and Bags.

If a resident in a Town district desires to use his private box or bag for parcels, or to have a private box or bag exclusively for parcels, a special fee is payable. Particulars may be obtained on application to the Postmaster. A renter of a private bag living in a Rural Delivery may have parcels delivered, or send parcels to the post, in his bag without extra charge.

POST-CARDS.

The prepaid rate of postage on every post-card is a halfpenny, and on every reply post-card a penny. A post-card posted unpaid is chargeable on delivery with a postage of one penny.

Cards used as post-cards must be made of ordinary cardboard, not thicker than the material used for the thickest official post-card, and not thinner than the material used for the thinnest. They may not exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in length by 2⅝ inches in width.

Nothing may be attached to a post-card except stamps in payment of postage or stamp duty, a gummed label (not to exceed 2 inches long and ¾ inch wide) bearing the name and address of the person to whom the card is sent, a similar label bearing the name and address of the sender of the card, and engravings, illustrations, drawings, and photographs, on very thin paper and completely adherent to the card. A post-card may not be folded, nor may it be cut or altered in such a way as to reduce the size below 4 by 2⅝ inches. A post-card may not be fastened against inspection in any way, or enclosed in a cover of any kind.

If any of the foregoing rules be infringed the card will be treated as a letter.

The gummed labels may be affixed either to the back of the card or to the left hand half of the address side. The right hand half of the address side is reserved exclusively for the postage stamp and the address.

Contravention of this regulation may result in correspondence being withheld from delivery.

REGISTRATION OF CORRESPONDENCE.

The Fee for registering any Letter, Parcel or other Postal Packet is Twopence, and this fee must be prepaid in stamps.

Registered Letter Envelopes, impressed with a threepenny stamp for the postage and registration fee, and so made as to render it difficult for the contents to escape or be abstracted, are sold at all Post Offices and by Rural Postmen.

No Town Postman is allowed to take a letter to be registered; but for the convenience of persons living in country places where no Post Office is near, Rural Postmen may take letters for registration on their outward and inward walks, whenever it is practicable for them to do so.

Correspondence can be registered at any time during the ordinary hours of business. When intended for despatch by a particular mail it should, as a rule, be presented for registration half an hour before the latest time of posting for that mail. At the Chief Offices in Edinburgh and Dublin, and at all Provincial Head Offices, articles bearing a late fee of 4d., in addition to the ordinary registration fee, may be registered at any time within the half-hour referred to, if the office is open to the public. At the General Post Office and at the District and Branch Offices, however, letters for conveyance by the Night Mails can be registered up to 6 p.m. upon payment of a late fee of 2d. in addition to the ordinary registration fee; at the General Post Office and at the Gracechurch Street, Lombard Street, Threadneedle Street and Throgmorton Avenue branch offices till 6.30 p.m. on payment of a late fee of 4d., at the General Post Office till 7.0 p.m. and at the four Branch Offices named above till 6.55 p.m. upon payment of a late fee of 6d., and at the General Post Office only until 7.30 p.m. on payment of a late fee of 1s. The *postage and fee* must in all cases be paid by means of *stamps*.

Special arrangements will be made in Towns for the collection of correspondence sent in considerable quantities by one person. Particulars will be furnished on application to the local Postmaster.

Packets must be made up in a reasonably strong cover appropriate to the contents, and must be fastened with wax, gum, or other adhesive matter.

Packets which contain coin or jewellery and also all inland correspondence bearing the word "Registered," or any other word, phrase or mark to that effect, are, if posted otherwise than in accordance with the regulations, subjected to compulsory registration, and are charged on delivery with a registration fee of 4d, less any amount prepaid in excess of the postage.

Any packet which is found open in the post, or cannot be delivered, and which is found to contain an uncrossed postal order in which the name of the payee has not been inserted, a cheque or dividend warrant not crossed or made payable to order, a banknote, postage stamps, or any article (other than coin or jewellery) of a value in each case exceeding 10s., will be subject to registration, and be chargeable with a registration fee of 2d.

No compensation is given in respect of correspondence compulsorily registered.

ARTICLES OF VALUE should never be sent in unregistered letters. So sent, they are exposed to serious risk, but when registered they are practically safe.

COMPENSATION FOR LOSS OR DAMAGE.

The Postmaster-General is not legally liable for any loss or inconvenience which may arise from the loss, damage, delay, non-delivery, or mis delivery of anything sent by post, and he does not, in any circumstances, pay compensation in respect of unregistered letters, post-cards, halfpenny packets, or newspapers. But, subject to the rules stated below, he pays compensation voluntarily and as an act of grace for correspondence of the following descriptions:—

I. REGISTERED CORRESPONDENCE.

(Including Parcels).

The fees payable over and above the postage, and the respective limits of compensation, are as follows:—

Fee.	Limit of Compensation.
s. d.	£
2	5
3	20

1 5	300
1 6	320
1 7	340
1 8	360
1 9	380
1 10	400

These fees include the ordinary registration fee of 2d. The highest amount of compensation obtainable for any one packet is £400.

The postal packet must be posted in accordance with the rules for the time being in force with respect to the posting of inland registered postal packets, and a certificate of posting, bearing thereon an acknowledgment that the fee for registration and compensation has been paid, must be obtained. The certificate will be filled up and signed by the officer of the post office receiving the postal packet.

The contents of the postal packet must be securely packed and enclosed in a reasonably strong case, wrapper, or cover, securely fastened in a manner calculated to preserve the contents from loss or damage in the post, and if it be desired to secure compensation for damage to a postal packet (other than a parcel), such postal packet must bear the words "Fragile, with Care." These words should appear on the face of the cover above the address.

The packet must be marked with the word "Registered," and when the fee exceeds 2d., with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus:—

Registered, 3d.; Registered, 4d.; and so on.

Compensation in respect of money of any kind (coins, notes, orders, cheques, stamps, &c.) will only be given in those cases in which the money is enclosed in one of the Registered Letter envelopes sold by the Post Office, and the packet is tendered for transmission by Registered Letter Post. The compensation given in respect of coin will in no case exceed £5.

II. UNREGISTERED PARCELS.

The maximum limit of compensation is £2. No compensation is given in respect of money sent by Parcel Post, whether registered or unregistered, or in respect of jewellery (watches, jewels, gold, silver, &c.) sent by Parcel Post unregistered.

In order to secure compensation in respect of the loss of a parcel a certificate of posting should be obtained by the sender when the parcel is posted.

III. EXPRESS CORRESPONDENCE.

(See further on).

Compensation according to the ordinary scale is paid in respect of correspondence of the kinds specified in Sections I. and II. when sent by the Express Service; and up to £2 for the loss or damage of unregistered packets (other than those containing money or jewellery) conveyed by special messenger throughout the whole course.

RE-DIRECTION.

Letters, halfpenny packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an Officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Re-directed correspondence, which is re-posted later than the day after delivery will be liable to charge at the prepaid rate. Any which appears to have been opened or tampered with will be chargeable as freshly posted and unpaid.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

If any registered letter or packet, when re-directed, instead of being taken back to the Post Office to be dealt with as registered, is dropped into the letter box it is treated in all respects as a letter intended for registration but irregularly posted (*see* par. 7, "Registration of Correspondence").

Notices of removal and Applications for letters, &c., to be re-directed, must in all cases be duly signed by the persons to whom the letters are addressed. Printed forms can be obtained from the local Postmaster, or from the Postman of the walk; and, when filled up and signed, they should be given to the Postmaster, or to the Postman. Separate notices should be filled up if it is desired that parcels and telegrams may be re-directed. The Post Office does not undertake the re-direction of correspondence for a longer period than twelve months from the date of removal, but it is open to any person after his correspondence has been re-directed for that time, to apply for an extension of the privilege on prepayment of a fee of 1s. a year for the second and third years, after which the annual fee for re-direction will be 5s.

The Post Office does not undertake the re-direction of correspondence for a person temporarily leaving home, unless the house be left uninhabited; nor, as a general rule, does it re-direct letters addressed to Clubs, Hotels, Boarding houses, or Lodgings.

POSTE RESTANTE.

Correspondence of any kind is, as a rule, taken in at all Post Offices except Town Sub Offices. The words "*to be called for*" or "Poste Restante" should be included in the address.

The Poste Restante is intended solely for the accommodation of strangers and travellers, and even they must not use the Poste Restante for more than three months.

Correspondence addressed to initials, or to fictitious names, or to a Christian name without a surname, is not taken in at the Poste Restante, but is at once sent to the Returned Letter Office for disposal.

Correspondence may not be re-directed from one Poste Restante to another in the same town, nor from a private address to a Poste Restante in the same town.

All persons applying for Poste Restante correspondence must furnish sufficient particulars, to prevent mistakes, and to ensure delivery to the persons to whom it properly belongs.

Letters from abroad addressed to the *Poste Restante, London*, are retained for two months, letters from provincial towns for one month, and letters posted in London for one fortnight; all such letters, at the end of these periods, being sent to the Returned Letter Office for disposal.

A letter from abroad addressed to a Provincial Post Office to be called for is retained two months. If not called for by the end of that time, it is sent to the Returned Letter Office for disposal. A letter addressed to a Post Office at a seaport town for a person on board a ship, expected to arrive at that port, is kept two months. When, however, letters, &c., addressed to a Post Office to be called for bear a request for their return within a specified time (not exceeding the official period of retention) if not delivered, they are dealt with in accordance with such request.

COLLECTION FROM PRIVATE POSTING BOXES.

Arrangements are made for the collection by Postmen of ordinary letters, &c. (not registered letters or parcels) from private letter boxes of approved pattern in town districts.

Pursuant to the terms of section 19 of the Post Office (Protection) Act, 1884, the following notice will be affixed to these boxes, viz:—

"This is a PRIVATE POSTING BOX. Letters and packets posted in it will be treated in all respects as Post Letters, but proof of such posting will not be accepted in legal proceedings as evidence of receipt by the addressee. By order of the Postmaster-General."

The scale of charges is as follows:—

	£	*s.*	*d.*
1. Initial fee which provides for two ordinary collections on week days (neither of the two being the General Night Mail collection)	1	1	0
2. Fee for each additional collection on week days, not being the General Night Mail collection	0	10	6
3. Fee for General Night Mail collection including the Sunday collection, if one exists (in addition to the initial fee of £1 1s.)	2	2	0
4. Fee for a Sunday collection when no Night Mail fee is paid	0	10	6

The minimum fee for the General Night Mail collection is, therefore, £3 3*s.* a year, but this includes payment for any two other collections on week days.

In special cases additional charges are levied, *e.g.* in the case of a house at a distance from the Postman's walk.

Applications in regard to the collections from private posting boxes should be made to Postmasters or to the Controller of the London Postal Service, General Post Office, E.C.

PRIVATE BOXES AND BAGS.

A private box, into which correspondence other than parcels is sorted for delivery on application, and a private bag, in which correspondence is delivered, either by private messenger or by a rural postman or mail cart driver, may be rented at any post office from which a delivery is made. A private bag is locked at the post office before being sent out for delivery. It may be used also for posting correspondence.

The minimum period for the use of a private box or bag is twelve months and the fees are payable annually in advance from the date on which the use of the bag began.

The charge for a private box is as follows:—

		£	*s.*	*d.*
I.	At offices in the head districts of London and at the head offices in Liverpool, Manchester, Birmingham, Edinburgh, Glasgow, Dublin, Belfast, Brighton, Bristol, Cardiff, Hull, Leeds, Newcastle-on-Tyne, Nottingham, Plymouth and Devonport, Sheffield, and Southampton, and at all branch offices in these provincial towns which are not delivery offices - - (a year)	£3	3	0
II.	At all other provincial head offices, and other offices in town districts, and at Battersea and Norwood - - - - - - (a year)	2	2	0
III.	At all sub-offices - - - - - „	1	1	0

These fees are payable when delivery is required between the time of opening in the morning (in London 7 a.m.) and the time of closing at night, or 10 p.m. when the time of closing is later than that hour. At offices in London at which there is no public counter the time of closing is regarded as 9 p.m.

When delivery is required at 6 a.m. or between 6 a.m. and the time of opening at offices which are not open to the public until after 6 a.m. an additional half fee is chargeable.

The charge for a private bag is £1 1s. a year irrespective of weight or the number of times made up daily.

Any person residing within a town delivery and having a private bag is required to pay the full fee for a private box as well as for a private bag.

When a town private bag is used for the posting of letters only and not for their delivery the fee is charged as for a bag only, and not for a private box as well.

Private bags are not conveyed by town postmen.

If a resident in a town district desires to use his private box or bag for parcels, or to have a private box or bag exclusively for parcels, a special fee is payable. Particulars may be obtained on application to the Postmaster.

DELIVERY OF LETTERS IN LONDON.

The portion of each District within about 3 miles of the General Post Office is designated the Town Delivery, and the remainder the Suburban Delivery.

Within the limits of the Eastern Central District there are daily twelve deliveries, and within the Town limits of the other Districts either eleven or twelve deliveries:—The *First*, or General Post delivery, including all Inland, Colonial, and Foreign letters arriving in sufficient time, commences about 7.15 a.m. and, except on Mondays, or on other days when there are large arrivals of letters from abroad, is generally completed throughout London, by 9 o'clock. In the Eastern Central District the second delivery begins at about 8.30 a.m., and includes the correspondence received by Night Mail from Ireland and by the North Mail arriving at 8 a.m.; and the third delivery in this District, corresponding with the second delivery in other districts, is made at about 10.15 a.m., and includes the letters collected in London generally at 8.45 a.m., and the correspondence by the Scotch Mail arriving about 9 a.m. The next nine deliveries are made in every District hourly, and include all letters reaching the General Post Office, or the District Offices, in time for each despatch. The last delivery, extending to all the Districts, begins at about 8.30 p.m.

The Provincial Day Mails are due at various times, and letters are included in the next delivery after their arrival in London. The Day Mails from Ireland, France, and the Continent generally, and the letters received from Brighton and other towns which have a late afternoon communication with London, are delivered the same evening in London and in the suburbs within the six-mile circle.

SUBURBAN DELIVERIES.

The number of despatches to the Suburban Districts varies according to distance. To most Suburbs there are eight or more despatches daily. The first (about 6.30 a.m.) is to all places within the London District; and includes the correspondence by the Night Mails from the Provinces, and by any Colonial or Foreign Mails arriving in sufficient time. This delivery is generally completed in the nearer Suburbs by 9 a.m., and at the more distant between 9 and 10 a.m. The other despatches are made at intervals varying from 1 to 2 hours, the last being made about 7.30 p.m.

The deliveries in the Suburban Districts begin from one to two hours after the stated time of despatch, according to the distance from London, the deliveries in rural parts of the remoter Suburban Districts being necessarily fewer than in the towns and villages.

STREET DOOR LETTER BOXES

materially assist in ensuring a more rapid delivery of letters.

EXPRESS DELIVERY SERVICES.

Postal Packets, Letters and Parcels are delivered by Express Messenger under the following Services, viz.:—

I.

Local Service, Express Throughout.

Under this Service, Messages, Letters, Parcels, and other articles are conveyed *the entire distance* by Special Messenger all the way.

In the Provinces they are accepted at all the Post Offices from which there is a delivery of telegrams, and are delivered in any part of the Town or Rural District.

The Offices in question are designated Express Delivery Offices.

For a Letter, Packet, or other article the Express fee is:—

For every mile or part of a mile - - - - 3*d.*

On each packet weighing more than 1lb. a weight fee of 3*d.*

If the sender desires that a special conveyance be used, or if it is necessary, the actual cost must be paid in addition to the above charge. The weight fee is not charged in such cases.

Cycles are used, wherever practicable, for the delivery of express packets of a size and weight suitable to be so carried.

All charges must be prepaid in postage stamps to be affixed to a form provided for the purpose.

Every Packet must be handed in over the counter. In no case may it be placed in a letter box.

The word "Express" must be boldly and legibly written by the sender above the address in the left-hand corner of the cover.

Hours of Posting are, Week-days, generally 8.0 a.m. to 8.0 p.m. In London and the Provinces certain offices are open earlier and later.

There is no Express Delivery by special messenger all the way on Sunday, Good Friday, or Christmas Day in England and Ireland, or on Sunday in Scotland.

On delivery of an Express Packet, the messenger may take a reply or perform a further Express Delivery service within the authorised hours. Express fees at the usual rates must be prepaid either by the sender of the first service or by the sender of the reply or further service.

II.

Express Delivery after Transmission by Post.

Under this Service Letters and Parcels are forwarded by Mail in the regular course of post, and on arrival at the Office of Delivery are sent out by Express Messenger.

Fees.

In addition to the full ordinary postage the Express fee is:—

For every mile or part of a mile from the Office of Delivery, 3*d.*

The sender is responsible for the fee and charges. The fee is in no case less than 3*d.*, and this and the postage must be prepaid by means of stamps affixed to the Letter or Parcel. When special conveyance is required, the whole of the amount payable in respect of fee and charge for special conveyance must be prepaid if possible, but the deficiency, if any, will be demanded from the addressee.

If one half of the Express Fee and charge for special conveyance is not prepaid, the Letter or Parcel will be liable to be treated as an ordinary Letter or Parcel.

The words "Express Delivery" must be boldly and legibly marked above the address, on the left hand side of the cover (whether of Letter or Parcel), and in the case of a Letter the cover must also be marked with a broad perpendicular line from top to bottom both on front and back.

Reply and Further Services.

On the delivery of an Express Packet the Messenger may perform a further service as in the case of correspondence which is sent by Express Messenger throughout.

III.

Special Delivery of Correspondence in Advance of the Ordinary Deliveries at the Request of Addressee.

Persons or Firms who desire at any time to receive their correspondence of any kind in advance of the ordinary delivery, may have it delivered by Special Messenger on payment of the following fees, viz.:—

The full Express fee of 3*d.* a mile as for one packet, and a further fixed charge of 1*d.* for every 10, or less number, of additional packets beyond the first. If more than one search is necessary a charge of 3*d.* is made for each extra search in addition to the Express fees levied when the special delivery takes place.

Applications for special delivery must be signed by the persons to whom the correspondence is addressed. Forms of application may be obtained at most Post Offices.

The application should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the Letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any Letter Box in the District served from the Office. In either of the latter cases the postage should be prepaid by means of a penny stamp affixed to the outside of the form. The application should, however, reach the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to any other delivery, an hour at least before the time at which the delivery commences.

The Express Fee on at least one packet must be prepaid in stamps affixed to the application form. All additional Fees must be paid to the Special Messenger on delivery.

If no correspondence for the address given is found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required either on one or more days of the week, or of correspondence arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such cases the whole of the charges will be collected on the delivery of the correspondence.

Conveyance of Single Post Letters by Railway.

Nearly all the Railway Companies in the United Kingdom have entered into an Agreement with the Postmaster-General to accept and convey by the next available Train or Steamship single Post Letters, not exceeding Four Ounces in Weight, either to be called for at the Station of Address, or to be transferred there to the nearest Post Office Letter Box.

Every Letter intended for transmission as a Railway Letter must, unless sent from an Express Delivery Office, be taken to a Passenger Station of the Railway Company over whose line it is to be sent, and tendered, during such hours as the Station is open to the public, to a servant of the Railway Company in the Parcel Booking Office, or the Passenger Booking Office.

Upon every Railway Letter a fee of 2*d.* in addition to postage at the ordinary rate will be charged. This charge, which must be paid in cash, will defray the whole cost of transmission. No servant of a Railway Company will be entitled to make a further charge on the delivery of a Railway Letter.

No letter may be accepted for transmission as a Railway Letter which either—

(*a.*) Exceeds four ounces in weight; or which

(*b.*) From any words or marks thereon appears to be intended for Registration, or which

(*c.*) Appears to contain coin or jewellery, or anything which, if sent by Post unregistered, would be subjected to Registration by the Post Office; or which

(*d.*) Appears to contain anything which may not, under the regulations for the time being, be sent by the Inland Letter Post.

Uncut sheets of Wrappers, impressed with halfpenny postage stamps, can be obtained at any Post Office by giving two or three days' notice. They are sold only in quarter reams of 120 sheets; each sheet containing 14 wrappers, and the price per quarter ream is £3 18*s.*

Impression of Postage Stamps on Cardboard, &c.

Paper and cardboard can, on certain conditions, and when presented at the Inland Revenue Office, Somerset House, London, W.C., be impressed with postage stamps.

Embossed or impressed stamps cut out of envelopes, postcards, letter-cards, newspaper wrappers, or telegram forms may be used as adhesive stamps in payment of postage provided they are not imperfect, mutilated or defaced in any way. Embossed or Impressed Inland Revenue stamps cannot be used in payment of postage, and stamps indicating the payment of a registration fee may only be used for registered correspondence.

Persons wishing to sell postage stamps must fill up a form, obtainable at any Post Office, stating the value of the stamps and the name, address and occupation of the Vendor. The form and stamps should then be handed in at any Money Order Office and an acknowledgment obtained. An order for the payment of the face value of the stamps, less 5 % commission, will be sent by post from the Chief Office of Account in London, Dublin or Edinburgh. No smaller amount than one pound's worth will be purchased from one person.

Inland Revenue Stamps.

Stamps issued solely for Inland Revenue purposes, whether impressed upon paper or parchment, or adhesive, can be obtained through all Money Order Offices in England and Wales, and through certain selected offices in Scotland and Ireland, and Postmasters are instructed to keep a stock of those classes of stamps for which there is a demand. The same regulation applies also to the supply of Fee Stamps of every kind.

Ordinary Postage and Revenue Stamps available for certain documents.

Ordinary adhesive Postage and Revenue Stamps may, as a rule, be used for the purpose of denoting Stamp Duties up to a limit of 2s. 6d., where adhesive stamps are admissible for that purpose.

One or more Postage and Revenue Stamps may be used to make up the Duty.

Stamping of Documents, &c.

On the prepayment of the proper duty, any executed or unexecuted documents or printed forms can be left at any Money Order Office in England and Wales, and at certain offices in Scotland and Ireland, to be forwarded for stamping, without charge for transmission, provided that the value of the stamp on any document or form does not exceed the limit which may be in force at the Money Order Office concerned. Executed documents can, as a rule, be reclaimed the second day after being left.

Licences.

In England and Wales, the following Local Taxation Licences can only be obtained from the Post Office:—

(1) At all Money Order Offices—
Dog, Gun, Male Servants and Carriage (15s. only).

(2) At all Money Order Offices where there is a demand for them—
Carriage, Motor, Armorial Bearings, Private Brewer, Game, Game Dealer, and Gamekeeper.

(3) At all Head Offices (with a few exceptions) and at some London and Provincial Branch Offices—
Establishment Licences in Schedule form, Hackney Carriage, Hackney Motor, and To Keep Hounds.

In Scotland, Dog and Gun Licences are issued at all Money Order Offices; Establishment, Motor, Private Brewers', Game and Gamekeepers' Licences at some Money Order Offices.

In Ireland, Gun Licences and Game Licences are issued at some Money Order Offices.

MONEY ORDERS (INLAND SERVICE).

Money Orders are issued and paid at all Money Order Offices between the hours of 8 a.m. and 8 p.m. The Chief Money Order Office (144A, Queen Victoria Street, E.C.) is open for enquiries between the hours of 9.30 a.m. and 4.30 p.m. (Saturdays 9.30 a.m. to 1 p.m.)

A Money Order when issued is handed by the Postmaster to the Remitter to be transmitted by him to the Payee, and an Advice is sent from the issuing Office to the Paying Office, containing information as to the amount and as to the name of the Payee and the Remitter.

Unless the Order be presented through a Bank, the person presenting it for payment must furnish the Remitter's name for comparison with the advice.

No Order may contain a fractional part of a penny and no single Money Order can be issued for a sum exceeding £40.

The commission on Inland Money Orders is:—

For sums not exceeding £1		2d.
" above £1 and not exceeding	£3	3d.
" " £3 "	£10	4d.
" " £10 "	£20	6d.
" " £20 "	£30	8d.
" " £30 "	£40	10d.

When applying for Money Orders the public should use the printed requisition form which is supplied gratuitously at all Money Order Offices, and should state thereon, as fully as possible, the name, title or designation, as the case may be, of the Payee.

The remitter may request at the time of issue that the Order be crossed like a cheque, thus "_____ & Co.," in order that it may be paid only through a Bank, or the Remitter may cross the order after obtaining it.

If when an order is presented for payment (otherwise than through a bank) it is properly receipted, and the name of the remitter, as furnished by the applicant, is in agreement with the advice, it will be paid, unless the Postmaster has good reason for believing that the applicant is neither the payee nor his agent. In the case of a Money Order payable to any Company, Corporation, or Society, the name of the payee must be stamped or written in the receipt space, and where it is written the person presenting the Order must also sign his own name and state his office in the company.

If payment of an Order be refused, in consequence of the remitter's name not being furnished correctly, or in consequence of the signature on the Order not corresponding with the entry on the Advice, the applicant for payment should communicate with the remitter, and request him to apply to the issuing Postmaster.

Payment of a Money Order is subject to the possession by the Postmaster of the paying office of sufficient funds, and delay is possible, especially in the case of Orders for large amounts drawn on small offices.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a bank, even though its payment was not originally so restricted.

When an Order is presented through a bank duly crossed with the name of that bank, by a person known to be in its employment, the formalities observed on presentation in the ordinary way will be dispensed with.

If it be desired to stop payment of an inland Order, a notice, accompanied by a fee of fourpence in postage stamps, must be sent to the office where the Order is payable.

If the remitter of a Money Order is desirous of delaying payment for any period not exceeding ten days, he must, at the time of the issue, fill up and sign the request printed at the foot of the Order, and inform the Postmaster. An Order deferred for ten days and issued (say) on the 1st day of a month would become payable on the 11th.

The Postmaster-General has power to refund to the remitter the amount of a Money Order, and is free in such case from all liability to the payee. In the case of a deferred Order the remitter is entitled to have the amount repaid if he stops payment before the expiration of the deferred period.

If alteration in the name of the payee or remitter of an inland Money Order be required, application, accompanied by a penny postage stamp, must be made by the remitter to the Postmaster of the office at which the Order was issued. Should transfer of payment of an inland Order from one office to another in the United Kingdom, or repayment of the amount of an Order, be required, an application enclosing the Order must be made to the Postmaster at whose office the Order is payable. He will transmit, in exchange, a new Order payable at the place desired, deducting the amount of a second poundage. Printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the payment of fresh poundage has been rendered necessary by the fault of an officer of the Post Office, the charge will be remitted.

In case of the miscarriage, or loss, of an inland Money Order in transmission through the post, a duplicate will be granted, free of charge, on a written application, with the necessary particulars, being forwarded to the Controller of the Money Order Office in London, or to the Accountant in Edinburgh or Dublin, according to the place of issue. Should an Order be lost by the remitter or payee, a fee of sixpence (which should be forwarded with the application for a duplicate Order) will be charged.

At the end of twelve months from the month in which it was issued, a Money Order, if still unpaid, becomes legally void, but when a good reason can be given for the delay in presenting it, an application for a new Order, subject to a deduction of 6d., is entertained.

After once paying a Money Order, by whomsoever presented, the Postmaster-General is not liable to any further claim, nor is he liable to pay compensation for loss or injury arising out of delay in payment of a Money Order, or out of any other irregularity in connection therewith.

Free Money Orders for Inland Revenue Purposes.

Money Orders for Amounts not exceeding £40 are issued free of charge in favour of "The Commissioners of Customs," when required for the remittance of Beer Duty, Corporation Duty, Income Tax, Inhabited House Duty, Land Tax, Legacy, Succession and Death Duties, Probate and Estate Duty or Excise Licence Duties (in the latter case only where the Licences are not obtainable at Money Order Offices). The official notice to pay must, in each case, be presented for inspection when the Order is applied for and the conditions stated in the notice must be complied with.

TELEGRAPH MONEY ORDERS (INLAND).

Money may be transmitted by Telegraph Money Order from any Money Order Office in the United Kingdom which is also a despatching office for telegrams, and may be made payable at any Money Order Office which is also an office for the delivery of telegrams. The ordinary hours for the issue and payment of Telegraph Money Orders are from 8 a.m. to 8 p.m., but certain Sub-Offices close early one day in the week. On Bank Holidays, Telegraph Money Order business is transacted in the Provinces at Head Offices and Country Sub-Offices (but not at Branch Offices or Town Sub-Offices), and in London at the following places:—Chief Office (King Edward's Building, E.C.), Charing Cross, W.C., and at the Head Office of each of the London Postal Districts.

Telegraph Money Order business is not transacted on Sundays, Good Friday or Christmas Day (Scotland excepted as regards Good Friday and Christmas Day).

On New Year's Day Money Order business is wholly suspended at all offices in Scotland.

No single Telegraph Money Order can be issued for a greater amount than £40.

The charges are as follows:—

(1) Commission at the rate for Inland Money Orders.

(2) A charge for the official telegram of advice to the office of payment, at the rate for Inland Telegrams, the minimum being 6d.

(3) A supplementary fee of 2d. for each Order.

REMITTER'S INSTRUCTIONS AS TO DELIVERY.

In order to avoid any misunderstanding, the remitter, when filling up the printed Form of Requisition, should state clearly whether the Order is to be called for at the Post Office or delivered at the payee's address.

(*a*) If the Order is to be kept at the Paying Office till called for, he should write the name of the Paying Office in the space provided, and give the payee's address as "Post office." He should inform the payee of the despatch of the Order and of the name of the Post Office, at which he must apply for it, unless this is already known to the payee.

(*b*) If the Order is to be delivered at the payee's address, the remitter must furnish on the Form of Requisition a sufficient address.

(*c*) The person applying for payment must in all cases furnish the name of the remitter, and if the Order is addressed "to be called for" at the Post Office, he must also produce evidence of his identity.

(*d*) A registered abbreviated address cannot be accepted in place of the name of the payee, but it may be used as an address only, if prefixed by the symbol "c/o." Thus, an Order cannot be made payable to "Ajax, London," but it may be drawn in favour of "John Wilson, c/o Ajax, London." The use of abbreviated addresses may, however, in some cases give rise to delay in payment.

(*e*) The provision relating to deferring payment of ordinary Orders, does not apply to Telegraph Orders.

The remitter may give directions for the Order to be crossed for payment through a bank, in which case he must pay for the insertion of the word "crossed" in the Telegram of Advice.

The remitter of a Telegraph Money Order is allowed, on paying for the additional words required, to have a short private communication for the payee added to the Official Telegram of Advice. The communication must be in plain words, and must be written by the remitter in the space provided for the purpose in the Requisition Form. If desired the private message may include the remitter's own name, which is not in ordinary course communicated to the Payee.

A Certificate of Issue is handed to the remitter of every Telegraph Money Order, and this Certificate should accompany any inquiry respecting the Order.

Except in cases in which Telegraph Money Orders are delivered at the payee's address, any person expecting such a remittance must furnish satisfactory evidence that he himself is the person entitled to receive the money. He, or someone on his behalf, must attend at the office to obtain payment. Whenever doubt is entertained by a Postmaster as to the authority, express or implied, of a person to receive payment on behalf of the payee, he may require such person to produce an authority in writing from the payee for the payment of the money.

In the case of a Telegraph Money Order, payable at one of the smaller Offices, there may be some delay in effecting payment, if sufficient funds are not in hand.

Repayment or transfer of payment of a Telegraph Money Order may be obtained upon application being made either by the remitter or payee to the Postmaster of the office of payment, provided that the order be enclosed in the application, or be lying in the Postmaster's office. Any application made by a remitter should be accompanied by the Certificate of Issue. If the order be not available, repayment or transfer can only be arranged through the Controller, Money Order Department, General Post Office, London, or the Accountant, General Post Office, Edinburgh, or Dublin, according to the Country of issue. Forms of application can, if desired, be obtained at any Money Order Office.

In other respects, Telegraph Money Orders are subject to the Regulations which govern the transmission of ordinary Money Orders. If, however, an advice of payment is required, the remitter must not only pay the usual fee of 2d. but also the cost of including the words "Advise Payment" and his address in the telegram of advice.

MONEY ORDERS (FOREIGN AND COLONIAL SERVICE).

Persons applying for Money Orders payable abroad, should use the special Requisition Forms supplied for the purpose.

As the advices of Orders payable abroad have to be examined in the Money Order Department, London, before the particulars are advised to the paying country, such Orders should be taken out a day (or in remote places two days) before the dates fixed for the despatch of the mails.

When, however, application is made too late, the particulars of the Order, if issued at a Telegraph Office, may be notified to the Money Order Department by telegraph, under conditions which can be ascertained at the Post Office.

In Foreign Countries the payee is generally required to produce documentary evidence of his identity before payment is made.

Orders issued in the United Kingdom for payment abroad are valid for twelve months, after the month of issue, except orders

payable in Austria and its agencies, Hungary, and the Dutch West Indies, which are valid for six months, in the Argentine Republic, Brazil, Belgian Congo and Uruguay for five months only after the month of issue.

The payees in the United Kingdom of Orders issued in British Possessions (except India, Aden, Ceylon and the Nyasaland Protectorate), in France, Hawaii, Porto Rico, the United States, and by the British Post Offices in Beyrout, Constantinople, Panama, Salonica, Smyrna, and Tangier, should receive the Orders direct from the Remitters. In some cases the advices of these Orders have to be examined in the London Office before despatch to the offices of payment.

(t) Indicates that Telegraph Money Orders are exchanged with these countries.

In the case of Orders drawn on the places marked thus (*) in the above list, a Certificate of Issue only will be given to the Remitter as a receipt for the amount paid in, an Order in the currency of the country of payment being issued by the Chief Office of that country and sent to the Payee.

In the case of all other countries an Order will be handed to the Remitter to be transmitted by him to the Payee.

Orders issued in the United Kingdom payable abroad.—These are subject to the regulations which govern the payment of Money Orders in the countries on which they are drawn.

Tables of conversion, in both directions, of the amounts of Money Orders exchanged with Foreign Countries will be found in the Post Office Guide.

Orders for the British Colonies and other possessions abroad are drawn in Sterling, but the regulations provide that in those Colonies where the local currency is other than Sterling, payments for Money Orders may be made to the nearest equivalent in the legal currency of the place in which the Orders are payable.

Applications for duplicates of Money Orders payable in the United Kingdom should be made to the Controller of the Money Order Department, London, and should be accompanied by a fee of 6d.

With the exceptions of France and Algeria, and the British Post Offices in Beyrout, Constantinople, Panama, Salonica, Smyrna, and the British Post Offices in Morocco, duplicates of Money Orders *payable abroad* are issued by the Chief Office of the country of payment on application by the Payee. In the exceptional cases duplicate orders are issued in London.

Application for the stoppage of payment of an Order issued abroad for payment in the United Kingdom should be made direct to the Post Office where the Order is payable, and should be accompanied by a fee of 4d.

Postmasters in this country have power to transfer to other offices in the United Kingdom payment of Foreign and Colonial Money Orders originally drawn on their own offices.

TELEGRAPH MONEY ORDERS (FOREIGN).

Telegraph Money Orders may be sent to and received from the countries indicated by the letter T in the preceding list of countries.

In certain of these countries the Telegraph Money Order Service is restricted to particular places, a list of which may be seen at any Telegraph Money Order Office.

The limits of amount are the same as in the case of ordinary Foreign Money Orders, and the charges are as follows :—

(1.) A Money Order commission at the ordinary rate for Foreign Money Orders.

(2.) A charge for the Telegram of Advice at the ordinary rate for telegrams addressed to the country of payment.

(3.) A supplementary fee of 6d. for each Order.

Private Messages.—The Remitter is allowed, on paying for the additional words required, to add to the Official Telegram of Advice any short communication which he may wish to send to the Payee.

The remitter may obtain an advice of payment, as in the case of ordinary Foreign Money Orders, on paying a fee of 2½d.

General Regulations.—The general regulations relating to Foreign Orders and Inland Telegraph Orders apply, so far as they are applicable, to Telegraph Orders exchanged with Foreign Countries.

Postage stamps of Countries marked (*) when properly affixed to British Postal Orders by the senders, will be paid up to the value of 5d. Postage Stamps of British Agencies are not recognised for this purpose if the value has been overprinted in *local currency* (see regulations below regarding postage stamps affixed to Postal Orders).

Postal Orders are issued for 41 different denominations, *i.e.* for 6d. and every multiple of 6d. up to 20s. and for 21s.

The poundage payable is as follows :—

For Orders of the value of 6d. to 2s. 6d.	One halfpenny.
For Orders of the value of 3s. to 15s. inclusive	One penny.
For Orders of the value of 15s. 6d. to 21s. inclusive	Three halfpence.

The sender of a Postal Order, whether made payable in the United Kingdom or elsewhere, may increase its value by an amount not exceeding 5d. by affixing British postage stamps not exceeding three in number to the face of the Order. No credit will be given for stamps which are in excess of three or which are affixed elsewhere than in the spaces provided. Odd halfpence will not be paid. Stamps perforated with initials or marks, or embossed or impressed stamps cut out of envelopes, postcards, &c., cannot be accepted for this purpose.

The purchaser of a Postal Order *must*, before parting with it, fill in the name of the person to whom the amount is to be paid, and is recommended to fill in the name of the Office of Payment as a precaution in case the Order should be lost or stolen. The Payee must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Office of Payment, if that has not been already done.

Every person to whom a Postal Order is issued should tear off and retain the counterfoil, to facilitate inquiry if the Order should be lost.

If a Postal Order be crossed payment will only be made through a Banker, and if the name of a Banker is added, payment will only be made through that Banker.

A Postal Order presented by, or through, a Banker for payment will not (in the absence of an express arrangement between that Banker and the Postmaster-General to the contrary) be paid until after the Order has been examined at the Chief Office in London.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a Commission equal to the amount of the original poundage.

The Commission thus paid must be affixed in Postage Stamps to the back of the Order. Postal Orders which are not presented for payment within six months from the last day of the month of issue must be sent to the Controller of the Money Order Department, London, with a request for payment at some specified Office.

PRINCIPAL RULES OF GOVERNMENT ANNUITIES AND LIFE INSURANCES, THE POST OFFICE SAVINGS BANK, AND POST OFFICE TELEGRAPHS.

GOVERNMENT ANNUITIES AND LIFE INSURANCES.

Forms of proposal may be obtained at any Post Office transacting Savings Bank business.

Persons proposing to purchase annuities must furnish a certificate of birth or baptism as evidence of age.

The premiums charged for the insurance of lives vary with the age and mode of payment.

The life of a man or woman between 24 and 25 years of age may be insured for £10 :—

If the amount of insurance effected on a life is less than £100 further insurances may be effected until that limit is reached.

If, after having duly made his payments for a period of two years, the insured person shall be unable to continue, or shall desire to discontinue the payments, such sum of money as the National Debt Commissioners shall specify will be returned to him.

The sums charged for the purchase of immediate annuities or deferred annuities vary with the age and sex of the person on whose life the annuity is to depend, and, in the case of deferred annuities, with the number of years to pass before the commencement of the annuity, and with the conditions of the contract as to return or non-return of purchase money.

The rates for immediate annuities are given in the Post Office Guide, and full tables of other rates can be seen at any Post Office transacting Savings Bank business, and the cost of an annuity in any particular instance and any other information can be obtained on application to the Controller of the Savings Bank.

Deferred annuities can be purchased either by the payment of a lump sum or by annual instalments.

Husband and wife may each purchase an annuity for £100.

Any two persons may purchase an immediate annuity on their joint lives, with or without continuance of the annuity to the survivor. The cost of any joint annuity will be furnished on application to the Controller of the Savings Bank, giving the age and sex of the persons on whose lives the annuity is to depend.

If the amount of an annuity purchased is less than £100 further annuities may be purchased until that limit is reached.

Annuity and insurance premiums are payable through the medium of Savings Bank deposit accounts, and are accepted in addition to ordinary deposits and deposits for immediate investment in Government Stock.

All amounts due in respect of annuities or insurances are credited to the Annuitants' or Insurants' Savings Bank accounts, and are paid at any Post Office transacting Savings Bank business by means of warrants drawn on those accounts.

Insurances for sums not exceeding £25 will be granted without a medical examination upon production of satisfactory evidence as to health, but in such cases, if the insurant should die before the second annual premium becomes payable, the amount of the first premium and no more will be paid to his representative; and if he should die after the payment of the second premium and before the third premium becomes payable, half the amount insured will be paid. In either case, however, if death was caused by accident, the full amount will be paid. In any case, immediately after the payment of the third annual premium the insured person is entitled to the full benefit of insurance.

Persons proposing to insure for more than £25 must undergo a medical examination by a medical practitioner appointed and paid by the Postmaster-General. Persons proposing to insure for sums up to £25 inclusive may undergo a medical examination if they so desire, by payment of a fee of 2s. 6d. to the medical examiner. In all cases of insurances granted after medical examination, the insured person is entitled to the full benefit of insurance immediately the policy is granted.

THE POST OFFICE SAVINGS BANK.

Post Office Savings Banks are established at all Money Order Offices in the United Kingdom, and are open for the receipt and payment of money and for the transaction of Government Stock business daily during the hours appointed for money order business.

At these banks deposits of One Shilling, or any number of shillings, will be received; but no one may deposit more than £50 in one year ending 31st December, or make a further deposit when the total amount standing to his credit has reached £200, inclusive of interest. (The limits of £50 and £200 are irrespective of any sums deposited for the purpose of immediate investment in Government stock.)

Any person desirous of saving *One Shilling*, by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny saved a penny Postage Stamp and affixing it to a form to be obtained at any Post Office. When 12 such stamps have been so affixed, the form may be taken to any Post Office Savings Bank in the United Kingdom, where it will be received by the Postmaster, and One Shilling be allowed for the Stamps, which Shilling will be accepted either as the first deposit in a new account then to be opened, or as an ordinary deposit if the owner of it has already opened an account. If the stamps affixed to the form are defaced, or in any way damaged, they will not be received by a Postmaster.

Interest at the rate of £2 10s. per cent. per annum for each complete pound (which is at the rate of Sixpence a year, or One Halfpenny a calendar month) is allowed on ordinary deposits, and also on any interest or dividends already credited to a Depositor's account. The calculation is made from the first day of the calendar month next following the day on which a Pound has been deposited or completed, up to the last day of the calendar month preceding the day on which a warrant for repayment is issued. The interest due to each Depositor is added to the principal on the 31st December in each year.

Accounts may be opened by any man or woman of full age and by any child over seven years old.

Accounts may also be opened—

(*a.*) On behalf and in the names of children under seven years old. (Money so deposited is not withdrawable until the children attain the age of seven years, and is then payable to their signatures only.)

(*b.*) By two or more persons jointly on their own behalf, provided no one of them has any other account in a Savings Bank.

(*c.*) By one or more persons in trust for another person or persons also named in the account. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.

(*d.*) On behalf of insane persons by the committees of their estates.

(*e.*) By a duly registered Friendly Society upon the application of all the trustees of such society.

(*f.*) By a duly registered Industrial and Provident Society, not chargeable with Income Tax (*see* Industrial and Provident Societies Act, 1893, sections 39 and 24).

(*g.*) By a charitable or Provident Society, Penny Bank, or similar institution, through the trustees or treasurer.

(*h.*) By Corporate Bodies (subject to the approval of the Postmaster-General.)

(*i.*) By vicars and rectors of parishes in England and Wales, and by other official persons, being corporations sole (subject to the approval of the Postmaster-General), the accounts being opened in their official titles.

(*j.*) In the name of the Registrar of a County Court.

(*k*) In the name of the Public Trustee.

When it is desired to deposit under (*d*), (*e*), (*f*), (*g*), (*h*), or (*i*), application must first be made for authority to the Controller of the Savings Bank. A copy of the rules of the Society or information as to the constitution of the body corporate should accompany the application, except in cases under paragraphs (*d*) and (*i*).

All deposits standing in the sole name of a married woman domiciled in England or Ireland will be considered *prima facie* evidence that she is beneficially entitled thereto for her separate use, so as to authorise and empower her to withdraw and receive the same, without the concurrence of her husband. Payment of deposits by a married woman domiciled in Scotland is subject to the provisions of the Married Women's Property (Scotland) Act 1881. The deposits of married women domiciled in the Channel Islands or in the Isle of Man are repayable consistently with the laws in force in those islands respectively.

Any woman who marries while she is a Depositor should forward to the Controller of the Savings Bank a certificate of her marriage, together with her deposit book, and the deposits will thereupon be entered in her married name. Upon application to the Controller she will be supplied with a form by means of which she can obtain a certificate for the sole purpose of her account at the reduced fee of one shilling.

Every deposit must be entered in the Depositor's book by the person receiving it, who must affix to the entry his signature or initials and the stamp of his office. A Depositor should examine his book before leaving the office to ascertain that the entry is correct.

In addition to the receipt in the book, the Depositor receives, for every deposit of £5 or over, an acknowledgment by post from the Central Savings Bank in London. The Depositor should see that the acknowledgment is free from erasure, and states the exact amount of his deposit, and the day on which the deposit was made.

No acknowledgment is sent for any deposit under £5, the entry of such a deposit in the Depositor's book being conclusive evidence of the sum deposited.

A Depositor may make or withdraw deposits at any Post Office transacting Savings Bank business without change of Deposit Book.

All questions between the Postmaster-General and any Depositor, or between rival claimants to deposits, are determined by the Registrar of Friendly Societies, after hearing all parties, and no legal expense need be incurred.

Once in each year, on the anniversary of the day on which the first deposit was made, the Depositor should forward his book to the Controller of the Post Office Savings Bank in order that it may be compared with the ledgers, and that the interest due to the previous 31st December may be inserted.

No charge is made for the books at first supplied to Depositors, or for books issued to them in continuation thereof; but if any Depositor loses his book, and desires a new book, application must be made by him to the Controller by letter, stating the circumstances, and enclosing postage stamps of the value of 1s. to pay for the new book.

A Depositor residing within the United Kingdom need not pay any postage when communicating with the Controller on Savings Bank business, or when transmitting his book for examination.

A person may transfer his deposits from a Trustee Savings Bank to the Post Office Savings Bank, or *vice versa*, by obtaining a certificate of transfer, which will be accepted as a deposit of the amount therein set forth. Forms of application for certificates of transfer to a Trustee Savings Bank can be obtained at any Post Office Savings Bank.

When a Depositor wishes to withdraw the whole or any part of the sum due to him, he must fill up and forward to the Central Savings Bank a Notice of Withdrawal, which he can obtain at any Post Office Savings Bank. He will then receive by post a warrant, which he should present, together with his book, at the Post Office where payment is to be made, and the Postmaster will take from him a receipt on the warrant. The receipt should be signed in the presence of the Postmaster (or other paying officer).

Payment of a warrant is made only to the person named in it, or upon the production of an authority from that person, which may be given either as directed on the prescribed form of order obtainable at any Post Office transacting Savings Bank business or by power of attorney under seal.

Any sum not exceeding £1 can be withdrawn without notice at any Post Office transacting Savings Bank business. A form of application will be handed to the Depositor to fill in, and his receipt for the money will be obtained on this form. The book will be retained by the Postmaster for transmission to the Central Savings Bank, but will be returned to the Depositor in the course of a few days. Payments without notice are only made to depositors in person.

Withdrawals by telegraph and by return of post.—A Depositor may obtain payment from his account of any sum not exceeding £10 on the same day on which notice is given by defraying the cost of the necessary telegrams to and from the *Controller, Savings Bank, London*. While every effort is made at the Chief Office to expedite the despatch of telegrams of advice, it is pointed out that payment by telegraph is defined by the regulations, framed under Act of Parliament, as payment on the day on which a Depositor gives notice of withdrawal, and not within a certain limit of time on that day. He may also, at a less cost for telegraphing, obtain payment from his account on the day after giving notice (*i.e.*, by "return of post") of any sum not exceeding £20. The "return of post" warrants are addressed to the Depositor at the Paying Office "to be called for" unless other directions are given in the telegram of withdrawal. Application for withdrawal by telegraph should be made between the hours of 9 a.m. and 4 p.m. (Saturdays 9 a.m. and 1 p.m.) at any Post Office Savings Bank which is also a Telegraph Office, but payment on the same day cannot be made at offices where telegraph business is restricted to the despatch of telegrams. The Depositor's book must be produced in all cases.

Special facilities are afforded for the repayment of small sums (not exceeding £100) on death. Many legal formalities are dispensed with, and Depositors of the age of 16 and upwards can, by a simple printed form, nominate a relation or friend to receive their deposits.

Additional persons can be made joint proprietors of the moneys on an account; and deposits can be transferred from one account to another.

Deposits may also be transferred to or from certain Government Savings Banks abroad.

Full information on these matters can be obtained from the Controller of the Savings Bank. In the case of a claim on death a form of application should be obtained at a Post Office.

The officers of the Postmaster-General engaged in the receipt or payment of deposits are not allowed to disclose the name of any Depositor, or the particulars of any account, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

INVESTMENTS AND SALES OF GOVERNMENT STOCK UNDER THE SAVINGS BANKS ACT, 1880.

A Depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller, together with his deposit book, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Two and a Half per Cent. Consolidated Stock, Two and a Half per Cent. Annuities, Two and Three-Quarters per Cent. Annuities (1905), Local Loans Three per Cent. Stock and Guaranteed Two and Three-Quarters per Cent. Stock.

Within seven days from the receipt of such application the Depositor's account will be charged with the current price of the Stock purchased and the commission, the necessary entries being made in his deposit book. The Depositor will also be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and a certificate of the investment will be sent to him by post.

Not more than £200 Stock can be credited to an account in any year ending 31st December, or £500 Stock in all.

Societies incorporated under the Building Societies Acts may also invest in Government Stock, and are not subject to the annual limit of £200, but only to the provision that the total amount of Stock credited to the Society shall not exceed £500 at any one time.

Other Societies and Clubs, which have accounts with the Post Office Savings Bank, may invest in Government Stock in the same way as individual Depositors.

For the purpose of an immediate investment in Government Stock a deposit to an amount not exceeding the value of £200 Stock with the commission may be made in one year ending the 31st December, irrespective of the limits for ordinary deposits.

Deposits for immediate investment can be made in the accounts of minors under seven years of age, the application to invest being signed at the time the deposit is made by the person who, if the deposit were a first deposit, would be required to make a declaration; minors over the age of 7 years may make investments, and sell Stock in the same manner as persons of full age.

All dividends in respect of Government Stock standing to a Depositor's credit will be carried to his deposit account in like manner as interest on his deposits.

When a Depositor having Stock standing to his credit transfers his account to a Trustee Savings Bank, his investments in Stock will also be transferred.

A Depositor who desires to sell the Stock standing to his credit, or part of the Stock, must send to the Controller of the Savings Bank, together with his deposit book and investment certificate, an application signed by him on a form to be obtained at any Post Office Savings Bank.

Within seven days of the receipt of such application the sale will be effected at the current price of the day of sale, and a warrant will forthwith be sent to the Depositor for the amount realised, less the commission.

On proof to the satisfaction of the Postmaster-General of the loss or destruction of an investment certificate, a new certificate may be obtained.

The price at which Stock will be purchased or sold is dependent on the fluctuations of the market, and cannot be stated beforehand; nor can the Post Office undertake to effect an investment at any particular price. The price of Stock can, however, be ascertained approximately from the financial articles in the daily newspapers.

The commission chargeable on investment, including the receipt of dividends, and on the sale of Stock, is as follows:—

		s.	d.
On Stock not exceeding £25		0	9
,, exceeding £25 and not exceeding £50 ..		1	3
,, ,, £50 ,, ,, £75 ..		1	9
,, ,, £75 ,, ,, £100 ..		2	3
,, ,, £100 ,, ,, £200 ..		2	9

With a further charge of 6d., in respect of every £100 or part of £100 Stock above £200.

STOCK CERTIFICATES.—TRANSFER TO BANK OF ENGLAND.

A Depositor may take his Stock out of the Savings Bank without selling it, either by obtaining a Stock Certificate with Coupons for Dividends annexed, or by transferring the Stock into his own name at the Bank of England. Forms for either purpose will be supplied by the Controller of the Savings Bank on application.

When Stock has thus been taken out of the Savings Bank, fresh investments may be made through the Savings Bank up to £200 in the year, and £500 in all.

The rules in force as to cash deposits in the Post Office Savings Bank apply also to Stock so far as they are consistent with the special Stock rules and the character of the Stock.

POST OFFICE TELEGRAPHS.

Inland Telegrams.

The charge is 6d. for the first 12 words, including the address, and ½d. for every additional word.

Receipts for the charges on telegrams can be obtained at a cost of 1d. each.

Telegrams should be written on the proper forms. Unstamped forms can be obtained free of charge, and postage stamps should be affixed to them by the senders. Forms with embossed stamps can be obtained either singly or in books of 20, interleaved, and with a sheet of carbonic paper; price 10s. 2d.

An embossed stamp, which has been removed from an unused telegram form or cut off an envelope will be accepted in payment or part payment of a telegram; but mutilated or defaced stamps will not.

Telegrams are delivered free of charge within three miles of the office nearest the address, which is called the Terminal Office, and when that office is a Head Post Office no charge is made for delivery within the town postal delivery, even if that extends for more than three miles. Telegrams are delivered free at all times within the Metropolitan Postal District.

When the address is beyond the limit of free delivery, porterage is charged at the rate of 3d. per mile or part of a mile, the distance being calculated from the limit of free delivery.

When the usual delivery office is closed, telegrams may, at the request of the sender, be delivered from another office, but a porterage charge of 1s. a mile (8d. in Ireland) calculated from the door of the delivery office, must be prepaid, unless the address is within the town postal delivery of that office.

The sender is responsible for the porterage, and when the address is not within the free delivery he must, if he can, state the distance and pay the charge for delivery in advance. When the exact distance is not known, a deposit must be paid.

In the list of Post Offices in the Post Office Guide approximate distances are given. These will furnish some guide in computing porterage charges.

If the prepayment be insufficient the deficiency is charged on delivery.

If the sender requires his telegram to be forwarded by train from the terminal office he must write the word "train" or the words "train from ," as the case may be, at the end of the address, and must deposit 1s. to cover the cost of conveyance if the exact cost is not known.

A deposit for boat hire is required upon all telegrams addressed to ships unless the ship be lying alongside a wharf, jetty, or pier; any surplus is refunded.

The sender should furnish his address; when it is not to be telegraphed, it should be written on the back of the form.

Telegrams can be repeated if the sender desires it, by being signalled back from office to office throughout the course of transmission. No copy of the telegram is, in such case, given to the sender. The charge for repetition is one half the ordinary tariff; a fraction of a halfpenny being reckoned as a halfpenny.

Telegrams containing mercantile quotations, and telegrams written in cipher, or according to a preconcerted code, should always be repeated.

If the receiver of a telegram doubts its accuracy, he may have it repeated by depositing half the amount paid for its transmission to him. The money will, however, be refunded to him if it should turn out that the telegram had been inaccurately transmitted.

The cost of a reply, not exceeding forty-eight words may be prepaid; and a Reply Form will then be delivered to the addressee, who will be at liberty to use it for any message at any time within two months. If the form be not used, its value will be refunded to the sender of the original telegram if he applies and sends the form within two months to the Secretary, General Post Office, London.

Telegrams re-directed to a second address are liable to an additional charge of 6d. if any additional service is performed and if the two addresses are within the same town (each London district being considered for this purpose a separate town), but if the addresses are in different towns the full inland rate is charged for the re-direction. In addition to the amount chargeable on each re-directed telegram, a fee of £1 1s. per annum is charged for the registration of special instructions as to the re-direction of telegrams. Removals are registered free when this is specially requested, for a period of one month.

Copies of a telegram directed to more than one person in the same free delivery will be delivered separately at an additional charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy. Each London Postal District is regarded, for this purpose, as forming a separate delivery; and when a multiple address telegram for London is for one or more registered addresses the District initials must be inserted after each registered address and paid for.

A telegram may be handed to a Rural Postman on his way to a Telegraph Office, or may be posted in an envelope addressed "Telegram Immediate." Telegrams prepaid and so posted are sent on by the next collection to the nearest convenient Telegraph Office and are thence transmitted by wire. Telegrams may also be posted without envelopes and will be similarly treated. The time of arrival at the Telegraph Office is regarded as the time of receipt from the sender.

Telegrams posted, insufficiently prepaid, are forwarded and the deficiency is charged to the addressee; but unpaid telegrams are not forwarded.

Most Telegraph Offices are closed between 8 p.m. & 8 a.m.; and as time is required for transmission, a telegram if it be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., *may* not reach its destination until the following day.

Postmasters may accept telegrams after the usual hours on payment of certain fees, provided that the terminal office is open. These fees are as follows:—

(*a.*) If the handing-in office is not open for either postal or telegraph business, 1s. for the postmaster, 1s. for the telegraphist, 1s. for a messenger, if one be required to call the telegraphist.

(*b.*) If the office is open for postal business but not for telegraph business, 1s. for the telegraphist, 6d. for the messenger, if one be required to call the telegraphist.

(*c.*) If the office is open for the receipt of press news (but not for other telegraph business, or ordinary postal business), 6d. for the postmaster, 6d. for the telegraphist.

When several telegrams are handed in together by the same person, late fees are payable on one telegram only.

If a postmaster or telegraphist be called up to send a telegram, and it subsequently appears that it cannot be dispatched, the person desiring to send it must nevertheless pay the fees.

When telegrams are handed in at an office which is open for one which is not open, the following fees are to be paid by the sender:—

(*a.*) If the terminal office is not open for postal business, 1s. for the telegraphist, 1s. for the messenger, 6d. an hour for the telegraphist if he has to wait for a reply.

(*b.*) If the terminal office is open for ordinary postal business 1s. for the telegraphist, 6d. for the messenger.

Telegrams in plain language in any European tongue, or in Latin, are charged for according to the number of words; but all words not forming part of any European language, or of Latin, and all unintelligible combinations of letters, are charged for at the rate of five letters to a word.

No combination of words is counted as one word, with the exception of those words which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "non-delivery," "alms-houses."

Such names as O'Neil, MacDonald, De la Rue, and names with the prefix "St." as St. Pancras, are charged for as single words, but double names like Bouverie-Tracy, although written with a hyphen, are counted as two words.

Such abbreviations as can't, won't, don't, couldn't, shouldn't are counted as single words.

Figures are counted at the rate of five figures to a word. For example, 38563 counts as one word. Fractions are counted according to the number of figures employed, the mark of division being counted as a figure—thus, "½" counts as one word, "109¾" as two. In groups of figures a stop or oblique stroke is counted as a figure; thus 12-35 counts as one word. In ordinal numbers the affix st, nd, rd, or th, is counted as two figures—thus "1st" counts as one word, and "1432nd" as two words. The symbols o/o, a/c, b/l, and c/o are each counted as one word.

Where a figure or a group of figures is followed or preceded by a letter, except in the case of ordinal numbers, the letter is counted as a word, thus 104a or a104 counts as two words. Letters added to figures in the address of a telegram, to denote the number of a house, are however counted as figures.

Initial letters are each counted as one word, but exceptionally the initials of the London Postal Districts (*e.g.*, "S W"), and the letters "A M" and "P M," are counted as one word for each group; the letters H. M. S. are also counted as one word in the address of an inland telegram intended for one of His Majesty's ships.

All names of towns or villages, the names of Railway stations (not in towns), at which telegraph business is transacted on behalf of the Post Office, and the names of Foreign Telegraph Offices mentioned in the International List of Telegraph Offices, are counted as one word each, thus, Newcastle-on-Tyne, Abbey Holme, Bodmin Road and Davos Platz, are counted as one word each; but the names of Town Sub-Offices and Branch Offices, and all other names, are counted according to the number of words of which they are composed; for example, "Hanging Ditch" and "Drury Lane" count as two words each.

The name of the County, when required to distinguish the office of destination from some other place of the same name, is not charged for. Thus Richmond, Surrey, counts as one word.

When words are underlined, or placed in a parenthesis, or within inverted commas, one extra word is charged for.

The sender may have any instructions, such as "private," "confidential," "to be opened at once" or the like written on the outside of the envelope of the message. The instructions will be charged for as part of the message.

Should the sender, upon being informed that his message cannot be delivered in consequence of the addressee being unknown require the telegram to be presented a second time at the same address, or re-direct it to another address in the same town, he must pay a further fee of 6d. If, however, he re-directs to an address in a different town he must pay the cost of a fresh telegram. Should it afterwards turn out that the failure in the first instance was the fault of the Department, the extra charge will be refunded.

The sender may have his telegram cancelled, and if it be cancelled before the commencement of transmission the sum paid will be returned, at the time, less a fee of 2d. for cancelling it, but if transmission has commenced, the sum will not be returned. If transmission has been completed, an official telegram, prepaid by the sender, will be sent to the Postmaster at the Terminal Office. If the official telegram should arrive too late, the sender will be informed that the attempt to cancel his telegram has failed, but the sums paid will not be refunded.

If the addressee of a telegram is known to the messenger, it may be delivered wherever on the road the messenger may meet him, on payment of porterage charges to the point of meeting: should that point be beyond the free delivery area.

When, in consequence of an interruption of communication, a telegram cannot be transmitted, notice of the interruption is given to the sender, together, if practicable, with a statement of the cost of delivery by special means, and on payment of such cost the telegram will be delivered. If, however, the sender prefer to cancel the telegram, the amount paid by him will be returned on application to the Secretary, at any time within three calendar months.

If the sender cannot be found or declines to cancel the telegram or to pay for its delivery it will be delivered without extra charge by post.

Any person may register an abbreviated or arbitrary address on payment of a yearly registration fee of £1 1s., but the address must consist of two words, one of which is to be the town or place of delivery.

Telegrams addressed to a Telegraph Office "to be called for" are kept two clear days.

Telegrams indecently or obscenely worded, or which appear to contain grossly offensive matter, will not be transmitted.

The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

Telegraph Offices (with the exception of Town Sub-offices in London and other large towns) are, as a rule, open from 8 a.m. to 8 p.m. on week days. On Sundays the hours of attendance are usually from 8.30 a.m. to 10 a.m. in England, and Ireland, and from 9 a.m. to 10 a.m. in Scotland. The following offices in London are open longer, and railway stations in London transacting public telegraph business are also shown:—

Mixed Postal and Telegraph Service.

Persons desirous of having a communication forwarded by post to a place abroad from a Postal Telegraph Office at which it could be posted later than at their local office, may have it transmitted as an inland telegram to such an office, and posted there. In this case the sender must write "post" (which will not be charged for) before the addressee's name, and the name of the terminal office at the end of the address, for example: "Post, Brown, 12, Fifth avenue, New York, Queenstown." Thus a telegram of 24 words, to be posted from Queenstown to New York, should be prepaid 1*s.* 1½*d.*, viz.: 1*s.* 0½*d.* for telegraphing and 1*d.* for postage. In such cases a registered address cannot be used.

The following table shows the times at which telegrams must reach outports so as to be included in the outgoing mail:—

Payment at the rate for ordinary Inland telegrams (plus 10d. per message) will be demanded on the delivery of the telegrams.

Telegrams in reply will be accepted from the owners or others for transmission, if possible, to the vessel in distress, and will be subject to the same charges.

The duties of the Light-keepers will not admit of a constant look-out being kept, and no messages will be transmitted other than those which relate to Shipping Casualties.

* Commercial telegrams inwards will be accepted at the Smalls and Tuskar Rock Lighthouses for transmission—a charge of 1s. 6d. will be made in addition to the ordinary charge for inland telegrams.

Meteorological Telegrams.

The latest information as to the weather in various parts of the United Kingdom or the Continent, and forecasts one day in advance, can be obtained by telegraph from the Meteorological Office on payment of a fee of 6d. in addition to the cost of a telegram and reply.

The number of words to be paid for in reply is to be arrived at by adding 10 to the number of words required for the applicant's address; thus, if there were five words in the applicant's address, a reply of 15 words must be paid for.

The Meteorological Office is open between the hours of 8.30 a.m. and 8 p.m. on week days, and between 6 p.m. and 8 p.m. on Sundays, and its telegraphic address is "Weather, London." Forecasts are prepared at 11 a.m. and 7.30 p.m. daily, and during the summer months at 3.30 p.m. also.

SIGNALLING STATIONS AND COMMUNICATION BY WIRELESS TELEGRAPHY WITH SHIPS AT SEA.

Signalling stations are maintained by the Post Office, by Lloyd's, and by others, at various points round the coast of the United Kingdom; and telegrams to and from vessels passing such stations may be signalled when the vessels are passing.

The Post Office signal station is at Hurst Castle.

The charge for signalling, or reporting the passing of a ship, at Hurst Castle is 10d. Special arrangements must be made beforehand for this service, and the charge must be prepaid.

The charges made by Lloyd's and others, for similar services, or for giving other information, vary in amount. They are collected by Lloyd's.

In all cases the Post Office charge for the transmission of the telegram (including the reply, if any) must be prepaid at the ordinary rate for inland telegrams.

Telegrams are accepted at any Telegraph Office for transmission by wireless telegraphy from various Coast Stations (both in the United Kingdom and abroad) to certain of the principal ocean liners, and also to certain mail packets. Particulars of the service, together with information as to charges, can be obtained at any telegraph office. Telegrams from ships are also received at such Coast Stations, and are thence transmitted to their destination by wire.

In the address of a telegram for a ship there should appear (1) the name of the addressee (2) the name of the ship, and (3) the word "Wireless." Thus, "Jones, Steamship New York, Wireless." But if the sender wishes the telegram to be sent through a particular Coast Station, he may substitute the name of that Coast Station for the word "Wireless." Thus, "Jones, Steamship New York, Lizard."

Telegrams to be transmitted through a Continental Coast Station, or through Cullercoats Station, or to a Packet Steamer must include in the address the name of the Coast Station from which they are to be signalled. Thus, "Jones, Steamship Amerika, Cuxhaven," or "Jones, Steamship Princesse Clementine, North Foreland."

In the case of telegrams from ships the word "Radio" appears in the space provided for the name of the office of origin together with the name of the Coast Station through which they have been sent, and that of the ship on which they have originated.

FOREIGN AND COLONIAL TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into two classes: (1) preconcerted language or code, (2) cypher.

Telegrams in preconcerted language, or code, are composed of real words, the context of which has no intelligible meaning, or of pronounceable groups of letters having the appearance of real words. Words of more than 10 letters are not allowed. Only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin may be employed; but words of any or all of these languages are allowed in the same telegram; the groups of letters must be pronounceable according to the usage of one of those languages.

Cypher telegrams are those containing groups of figures having a secret meaning. They also include groups of letters which cannot be pronounced according to the use of one of the languages specified above. Letter and figure cypher cannot be combined in one group. Combinations formed by running together two or more real words are not permissible.

Special forms are provided for Foreign and Colonial Telegrams and these are also supplied in Books of 25, each bearing an embossed 10d. stamp, interleaved, price £1 1s. each. Telegrams written on forms supplied by Cable Companies are also accepted at Post offices.

The address must be paid for, and must not consist of less than two words, a name and a town. Example: Hercules, Bombay.

The address of the sender is charged for if transmitted; it must in any case be written at the foot of the form.

In telegrams written in plain language the maximum length allowed to pass at the charge for a single word is 15 letters. The words in plain language in the text of a mixed telegram (that is, a telegram partly in plain and partly in code language) are charged for at the rate of 10 letters to the word.

Subject to this limit ordinary compound words and names of persons and places, &c., written without break are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words. Words incorrectly spelled, so as to reduce the number of letters below the maximum, or incorrectly joined together, contrary to the usage of the language, are inadmissible.

Every isolated letter or figure is charged for as one word, and every group of five figures or letters is counted as one word, larger groups being counted at the rate of five figures or letters to a word, and at the same rate for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

In telegrams for large towns the name of the street and number of the house should be given when the address is not registered; and the addresses should be expressed in French or in the language of the country to which they are to be sent. When these particulars cannot be given, the profession, trade, or calling of the addressee should, if possible, be stated. Telegrams which do not contain this information are forwarded only at the risk of the sender. If there are more places than one of the same name, the name of the country or state in which the place is situated should be added to the address.

If the sender desires to prepay a reply he must insert before the address of the receiver "R.P.," which is charged for as one word. A reply of any length can be prepaid, but the minimum payment is 10d. A voucher for the reply is issued by the office of delivery, and the person receiving it is entitled to use it at any time within six weeks from the date of its issue in payment or partial payment as the case may be of a telegram to any destination abroad. If the addressee does not use the reply form, the cost will be returned to the sender, on application to the Secretary, General Post Office, within three months of the date of issue of the form. The form must be returned with the application. When the charge for the reply is less than the amount prepaid the balance, provided that it is not less than 10d. in amount, will be returned to the sender of the original telegram on his applying to the Post Office within three months.

The sender can have his telegram repeated from office to office by paying over and above the charge for the original transmission a quarter of that charge. In that case "T C," which is charged for as one word, must be inserted before the receiver's address.

Repetition is desirable for all code or cypher telegrams.

The sender can have the telegram repeated between the office of origin and the last Post Office in the United Kingdom, at which it is dealt with on payment of a charge equal to the rate of an ordinary inland telegram of the same length.

The sender may have a notice of the time at which his telegram was delivered transmitted to him by telegraph by payment of an additional rate for 5 words. In that case "P C," which is charged for as one word, must be inserted before the receiver's address. The information will be given by post on payment of a fee of 2½d. and of the charge for one additional word for the expression "P C P" before the address.

The addressee of a telegram can, after its delivery, request the Delivery Office to obtain the verification of doubtful passages or words. For this purpose he must pay a sum calculated by multiplying the number of words to be repeated by the rate per word to the place from which repetition is to be obtained. The minimum charge is 10d.

The amount is refunded, on application to the Secretary, General Post Office, if it should prove that the telegram has been inaccurately transmitted, but if the repetition shows that only a portion of the telegram was inaccurately transmitted a proportionate part only of the amount will be remitted.

The addressee of a telegram may have it repeated from the first office in the United Kingdom at which it was dealt with on depositing the ordinary charge for the transmission of an inland telegram, viz., 6d if the part to be repeated contains 12 words or less, and ½d. per word if the number exceeds 12. If an error has taken place the amount deposited for the repetition will be refunded.

When the sender is not certain of the exact place at which the receiver of the telegram will be found, he may insert immediately before the address "F S," (faire suivre—to follow), which will be charged for as one word.

In telegrams intended to be left until called for at telegraph or post offices, the words "Télégraphe restante (or T R)" or "Poste restante (or G P)" or "Poste Restante registered (or G P R)" must be inserted as part of the receiver's address. The instructions "T R," "G P" and "G P R" are each charged for as

one word. A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, but a sum of 5d. must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100, and an additional sum of 5d. for every additional 100 words or part of 100 words. In calculating the charge all the names and addresses are included. The instruction "——addresses," or "T M——" (the latter being counted as one word) must be written before the address and paid for. Telegrams having multiple addresses are not accepted by the routes of the North Atlantic Cable Companies, either for America or for transmission over the Pacific Cable.

Under no circumstances is the charge for an unrepeated telegram, containing code or cypher which has been inaccurately transmitted, refunded. The cost of a telegram in plain language, or of a telegram, of which the repetition to the terminal office has been paid by the sender, is returned when it is shown that the telegram was rendered useless by inaccurate transmission. The following charges are returned:—The cost of telegrams which have failed to reach their destination owing to some error on the part of the telegraph service, the cost, if not less than 10d., of any word or words omitted during transmission, and the cost of telegrams which have been delayed through the fault of the telegraph service beyond 12 hours in the case of certain countries in Europe, beyond 24 hours in the case of other countries in Europe, and in Algeria, Tunis, the Caucasus, and Turkey in Asia, and beyond 72 hours in the case of other countries. The cost of any telegrams which may have been rendered necessary in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned, except in the case of telegrams sent at the request of the addressee asking for repetition. The amount paid for a telegram which has been cancelled before transmission has commenced is returned, less the sum of 2d. If the telegram is cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges due will be returned.

Claims for reimbursement of the charges paid on telegrams should be accompanied—

1. In the case of non-delivery or delay, by a written statement from the terminal office, or the addressee, that the telegram has not been received, or has been delayed.

2. In the case of error in a plain language or a repeated telegram, or in the case of the omission of one or more words, by the actual message form delivered to the addressee.

3. In the case of error in a telegram of which the receiver has obtained the repetition from the office of origin, by the original message form delivered to him, together with the form upon which the repeated telegram is written.

No claim for reimbursement on telegrams will be entertained unless it is made within five months of the date of the original telegram. Foreign administrations will not inquire into complaints (except in cases of serious or repeated irregularities) which do not involve a return of the cost of the telegram as shown above.

MIXED POSTAL AND TELEGRAPH SERVICE.

A telegram can be forwarded partly by telegraph and partly by post. Thus, a telegram intended, say, for India, can be telegraphed to Brindisi to catch the outgoing mail, and thence forwarded by post to its destination. In addition to the cost of the telegram to the place of posting, a charge of 2½d. is collected from the sender if the telegram is to be posted from one country to another, but no charge is made for postage if the telegram is to be posted from one place to another in the same country. If the telegram is to be posted as a registered letter, a registration fee of 2½d. is charged in addition to the charge for postage (if any).

The sender should write the word "Post" before the addressee's name, the name of the terminal telegraph office being written last in the address. For example: "Post Smith 10 Broad Street, Calcutta Brindisi." The word "Post" is charged for as a part of the telegram. Registered abbreviated addresses cannot be used.

SPECIAL SERVICE BY TELEGRAPH IN THE UNITED KINGDOM, BY POST TO SOUTH AFRICA, AND BY TELEGRAPH IN SOUTH AFRICA.

Messages can be forwarded to Cape of Good Hope, Natal, Orange Free State, the Transvaal, Southern Rhodesia, North-Western Rhodesia, Northern Rhodesia, and British Central Africa (Nyasaland) by telegraph to Southampton, by post between Southampton and Cape Town, and by telegraph from Cape Town to their destination.

LONDON-PARIS AND LONDON-BRUSSELS TELEPHONES.

Communication by telephone can be obtained between London and certain provincial towns in England on the one hand and Paris (including the suburbs), Brussels and certain provincial towns in France and Belgium on the other.

The service can only be obtained in the provinces through the Post Office Exchange or Call Office, or the principal Exchange of the National Telephone Company in each place.

Charge.—8s. per conversation of three minutes, except in the case of conversations for Bordeaux, Lyons, Marseilles and St. Etienne, for which the charge is 10s. Two *consecutive* conversations allowed.

NOTE.—In making appointments for conversations with correspondents in France, the public should bear in mind that Paris time is 9 minutes in advance of Greenwich time. Greenwich time is used officially in Belgium for telegraphic and telephonic purposes.

TELEPHONE EXCHANGE WIRES.

Post Office London Telephone System.

The Postmaster-General has Telephone Exchanges in London and at a large number of provincial towns. The rates of subscription (including one telephone at the subscriber's premises) in London are as follows :—

I. *Ordinary Message-rate Service.*

(*a*) Charges for connection with any exchange in the County of London within two miles of the subscriber's premises.
Annual Subscription, Five pounds.
Message Fees :—
One penny for each call to a subscriber on any exchange in the County of London.
Two pence for each call to a subscriber on any exchange outside the County of London.

(*b*) Charges for connection with any exchange outside the County of London within two miles of the subscriber's premises.
Annual Subscription, Four pounds.
Message Fees :—
One penny for each call to a subscriber on the same exchange.
Two pence for each call to a subscriber on any other exchange.

The minimum yearly amount payable by each subscriber for message fees is thirty shillings.

II. *Party-line Message-rate Service.*
Annual Subscriptions :—

(*a*) For connection with any exchange in the London Area, except the Central Exchange, by means of a line used by not more than two subscribers, Three pounds.
(*b*) For connection with any exchange in the London area outside the County of London by means of a line used by more than two and not more than ten subscribers, Two pounds.

Subscriptions at party-line rates cannot be accepted from subscribers on the Central Exchange, or at the lower party-line rate from subscribers on any exchange in the County of London.

Message fees for calls originated by party-line subscribers are the same as for calls by subscribers at the ordinary message rate, but the minimum yearly amount payable for message fees by each party-line subscriber is three pounds.

III. *Unlimited Service.*

Annual subscription for connection with any exchange within two miles of the subscriber's premises, together with an unlimited number of calls :—

(*a*) For the first line, seventeen pounds.
(*b*) For each additional line connecting any premises of the same subscriber with an exchange, fourteen pounds. Hotels, commercial exchanges, restaurants, public-houses, &c., are not accepted under Services II. and III.

IV. *Extension Lines.*

Additional annual subscription for connection with an exchange circuit :—

(*a*) For a circuit not more than 110 yards in length connecting the subscriber's offices *in the same premises*, thirty shillings.
(*b*) For a circuit not more than a quarter of a mile in length connecting the subscriber's offices *in different premises*, four pounds.

Agreements are usually for one year, and are terminable thereafter by three months' notice in writing.

Call Offices.

The call office fee is two pence. Each person using a call office will be required to pay the usual fee, whether he be a subscriber or not.

Post Office subscribers can communicate with subscribers of the National Telephone Company in the London Exchange Area at the same rates of charge as for communication with other Post Office subscribers.

Post Office subscribers can communicate with the Continent by means of their Exchange Lines on payment of the appropriate fees.

The use of Exchange Circuits is subject to the Regulations for the time being in force, and to the making of such deposits as may be required.

Further information may be obtained on application to the General Manager, Post Office London Telephone Service, Carter Lane, E.C.

Post Office Provincial Telephone System.

The term for Telephone Exchange circuits and for circuits to Post Offices, for use in connection with the Telephone Trunk lines, may be ascertained on application to the local Post office or Secretary, General Post Office, E.C.

The use of Telephones for sending Telegrams and Express Letters.

Any subscriber to a Telephone Exchange may telephone messages to any Post Office which can be reached through the local Exchange system, or by means of the Post Office Trunk wires, in order that the messages may be written down and forwarded as telegrams or express letters or ordinary letters. Many Public Telephone Call Offices, or private telephone lines to Post Offices, may also be used in this way. Lists of Post Offices with which communication is possible are published in all Telephone Directories, and further information on the subject can be obtained at Exchange and Call Offices.

An express letter telephoned to a Post Office is delivered for the usual express delivery fee if it does not contain more than 30 words, including the address; for a message of more than 30 words a double express fee is charged. No message may exceed 60 words in length.

The charge for the use of the telephone is the same as in the case of an ordinary call.

Any person receiving an express letter in this way may send another express letter back to the Post Office to be telephoned to the sender of the original message on payment of the appropriate express and telephone fees.

A message telephoned for transmission as an ordinary letter must not exceed 60 words in length.

In most cases subscribers to exchanges can make general arrangements to have all telegrams addressed to them delivered by telephone instead of by messenger, but in large towns this can only be done if the subscriber has a registered telegraphic address. Written copies of telegrams delivered by telephone can be obtained by the addressees either singly or in batches, as express or ordinary letters, on payment of express fees or postage.

Any subscriber to a telephone exchange may obtain the services of an express messenger by telephoning to the nearest Post Office which is connected with his exchange. The fees for the Express Service are calculated upon the whole distance travelled by the messenger from the Post Office.

The senders of telephone messages which are to be written at Post Offices should speak very distinctly, and should spell all proper names, numbers, or difficult words. The persons who take down messages at Post Offices will repeat them to the senders, who are requested to do all in their power to prevent and correct mistakes.

Telephonic delivery of Letters in London on Sundays.

A message posted in the provinces or in London in time to ensure arrival at the G.P.O., London, on Sunday, can be delivered by telephone to a subscriber in the London Exchange area. The message, together with the name, address and telephone number of the addressee, and the name and address of the sender, must be written upon a sheet of paper and posted in an envelope to "The Central Telegraph Office, London, E.C.", and marked conspicuously "For Telephone delivery on Sunday." A broad perpendicular line must also be drawn across the centre of the front and back of the envelope from top to bottom. The letters may be handed in at any Post Office or posted in any letter box. The charges for the service are :—

(1) The ordinary postage on the letter, to be paid by stamps affixed to the envelope, and
(2) A fee of 3d. for a message not exceeding 30 words, and 3d. for each additional 30 words or portion thereof, to be paid in stamps affixed to the sheet of paper on which the message is written.

One letter may contain a message or messages for several telephone subscribers, but a separate message fee must be paid in respect of each message to be telephoned.

The sender may state the approximate time at which the message should be telephoned on Sunday. In the absence of such indication messages will usually be telephoned in the order in which they reach the Central Telegraph Office, beginning about 8.30 a.m.

It should be remembered that the last collection of letters on Saturday in the Metropolitan Postal Districts is earlier than on other days.

PRIVATE WIRES AND TELEPHONE TRUNK LINES.

The Department undertakes the construction and maintenance, on rental terms, of private telegraph and telephone lines between the offices or houses of firms or private individuals, or between such offices or houses and Postal Telegraph offices.

By means of such lines the renter can send and receive telegrams, forward messages for delivery as express or ordinary letters, or obtain the services of express messengers.

THE CHARGES FOR PRIVATE TELEGRAPHS are as follows :—

A.—WIRE (exclusive of Instruments).

Annual rental.

The rental charges for wires vary from £3 to £7 per mile, according to locality and other circumstances.

These rates apply to lines under 25 miles in length.

Information as to other private lines can be obtained from the Secretary, G.P.O.

The mileage is reckoned by the shortest available route. The minimum charge is for half-a-mile, with an additional charge for each quarter of a mile beyond that distance. Any less distance than a quarter-mile being counted as a quarter-mile. The specified rates only apply where existing poles or pipes are available If new poles or pipes are necessary, an additional charge may be made.

The Department, moreover, reserves to itself the right to increase these rates under special circumstances.

B.—Instruments. Rental per annum.

Telephone	£ s. d.	A B C £ s. d.	Morse Sounder £ s. d.	1 Morse Printer £ s. d.
First instrument in renter's office	2 0 0	4 0 0	4 0 0	10 0 0
Second and each subsequent instrument up to the fifth	1 10 0			
Sixth and each subsequent instrument	1 5 0			

These rates include the provision, maintenance and renewal (when necessary) of wires and instruments.

In the case of a private line to a Postal Telegraph Office there is an additional charge for desk accommodation and clerks' services. The charge is usually £3 5*s.* a year in the Provinces. Special rates, however, which vary according to circumstances, are charged in London and certain Provincial centres.

The use of such lines is subject to the Regulations for the time being in force, and to the making of such deposits as may be required.

Arrangements can be made by private persons or firms to have the regular use of long distance telephone lines at night throughout the year. For particulars, apply to the Secretary, G.P.O., London.

Trunk Lines.

Where Post Office Telephone Exchanges in different towns are connected by Trunk lines, such lines may be used for conversation by local subscribers and the general public on payment of the following charges :—

For 25 miles or under	Threepence,
„ 50 miles „	Sixpence,
„ 75 miles „	Ninepence,
„ 100 miles „	One Shilling,
„ every additional 40 miles or fraction thereof	Sixpence.

Special rates are charged where submarine or other specially expensive lines are used.

The charge for a six minutes' conversation between 7 p.m. and 7 a.m. is the same as for a three minutes' conversation during the daytime. During the same period, for a three minutes' conversation, for which the day charge is 9d., a reduced fee of 6d. is charged, and half the usual day charge is made where the ordinary fee is 1s. or more.

When a Trunk conversation is between a caller or subscriber to the National Telephone Company's system and a caller or subscriber to the Municipal Exchange System at Portsmouth additional charges, or "terminal fees," have to be paid.

The period of conversation is three minutes, but any person by prepaying a double fee, may secure either the uninterrupted use of a Trunk line for six minutes or the option of extending a three minutes' conversation to six minutes on demand at the end of the first period.

When the call is completed in three minutes, the fee for the second period will be refunded.

A list of the charges for Telephone Trunk wire conversations between all towns connected with the Trunk wire system can be obtained at the Local Post Office, or on application to the Secretary, General Post Office, London, E.C.

TIME SIGNALS.

Where the Telegraph arrangements permit, Greenwich mean time can be supplied by electric current every hour in the day in London, and at either 10 a.m. or 1 p.m. to places in the country. Information as to rates and arrangements can be obtained on application to the Secretary, General Post Office.

LONDON COURT OF ARBITRATION.

Established by the Corporation of the City of London in conjunction with the London Chamber of Commerce, and provides an inexpensive method of settling disputes speedily and satisfactorily.
On receipt of a submission signed by the parties to a dispute, the Court will appoint one, two, or three Arbitrators, at the option of disputants.
Disputants may conduct their own cases or be represented by a Legal Advocate or by a Clerk or other person in their permanent employment, or the personal attendance of all parties may be dispensed with, if they prefer to jointly state a case, or to each state his or their case or cases, and agree to accept the decision of the Arbitrator, Arbitrators or Umpire.
Costs are allowed, and the Awards can be enforced in the same manner as Judgments of a Court of Law.
All proceedings are private and confidential.

Information may be obtained at the Offices of the Court, London Chamber of Commerce, 1 & 2, Oxford court, Cannon street EC.

The following is the form of Arbitration Clause recommended for adoption :—

5. A number plate is to be fixed, in the case of a four-wheeled cab, on the back; in the case of a two-wheeled cab, on the spring block under the driver's seat; a number plate is also to be fixed inside every cab.

6. The inspector shall at the same time cause to be affixed to each cab a plate (hereinafter called the *fare* plate) setting forth such particulars as to fares as may be demanded by the driver from the hirer. Such fare plate shall be affixed in a convenient and conspicuous place, to be approved by the Commissioner.

20. The proprietor shall cause to be painted at the back of the cab, on the outside, the number of persons which the cab is licensed to carry.

If the proprietor suffers his cab to ply for hire without such number so painted, he shall be deemed to have committed a breach of this Order.

21. If a cab carry a greater number of persons than the number which it is licensed to carry, the driver, and also the proprietor, if he be cognisant of the fact, shall be deemed to have committed a breach of this Order.

For the purpose of this Regulation, two children under 10 years of age shall count for one person.

CAB FARES, HIRING, &c.

32. The hiring of a cab not fitted with a taximeter recording the fare by a combination of time and distance, shall be by distance or by time as the hirer may express at the commencement of the hiring; but, unless expressed to be by time, shall be taken by distance.

The fare for the hiring of a cab not fitted with such a taximeter shall be in accordance with the scale set forth in schedule 1 to this Order.

33. The fare for the hiring of a cab fitted with a taximeter, recording the same by a combination of time and distance, shall be in accordance with the scale set forth in schedules K. and L. of this Order.

34. Whether the hiring be according to the scale laid down in schedule I. K. or L. the driver shall be entitled to charge, in addition to what is due to him for distance or time, or by the combination of both, as the case may be, the following extra payments in the following cases respectively:—

(1.) If any luggage is carried outside the cab, he shall be entitled to an extra payment for every package carried outside, whatever may be the number of persons carried, in accordance with the scale set out in schedules I., K. and L. respectively.

(2.) If the carriage is licensed for more than two persons, and at any time during the hiring more than two persons are carried together, he shall be entitled to an extra payment of 6d. for every person above two so carried. Provided that one child, or if there be more than one, two children under the age of 10 years shall count as one person.

35. If a cab not fitted with a taximeter, or fitted with a taximeter not recording the fare by a combination of time and distance, is hired by distance, and in the course of the hiring is at the request of the hirer made to wait, the driver shall be entitled to charge (in addition to what is due to him for distance) an extra payment according to the scale laid down in schedule I. hereto annexed.

The driver shall not be entitled to receive any extra payment for waiting, if such waiting has not amounted in the whole to fifteen minutes.

The driver shall not be entitled to any extra payment for waiting any less period than fifteen minutes (whether such less period be completed in one or in several stoppages), which is over and above any number of completed periods of fifteen minutes.

36 The driver of a cab fitted with a taximeter recording the fare by a combination of time and distance shall be entitled to charge for waiting according to the scale set forth in schedules K. & L.
